NO. 16

Good Times Coming Is Official Forecast

Head of United States Treasury Department
Receive Reports From Bank Examiners
That Are Reassuring and Prove
That General Prosperity Is
Coming "Full Tilt."

WASHINGTON, D.C., April 16. United States treasury officials in giving out their reports this week from 100 bank examiners throughout the country, base their optimism upon the evidence received as compared with conditions previous to the beginning of the European war. The Washington officials say that a revival of business activity is found in every line, and especially in agriculture, commercial and manufacturing circles. The treasury officials gave emphasis to the improved conditions in the South, due to crop pros-

Old Time Resident Gets Good Position

N. L. Nielsen, for many years a resident of Albany at the county line, one of the incorporators of the latter city and served on the board of trustees one term, has accepted a position with the Dupont Powder Co. in the east, having received a telegram from General Manager Fred Turner of Wilmington, Delaware, to report at once. Mr. Nielsen was for many years superintendent of the Dupont company in Stege. His many friends in Richmond and Albany wish him success in his new field of work for the Dupont company.

Round Trip Tickets Only Four - Bits

Effective Saturday, April 17, a round trip ticket to the exposition and continuing during the full campaign of the big fair, the San Francisco-Oakland Terminal railroads will sell round trip tickets to the exposition grounds and return for 50c. The Standard Oil will give each employee one day off a month with pay so as to give all hands a chance to enjoy a day's outing at the fair.

Steger Postoffice to Have New P. M.

An examination of applicants for the position of postmaster of Steger will be held in Richmond Saturday, April 24. The office is fourth-class, the compensation for the last fiscal year being \$641.

Senator Kehoe's Bill Just the Thing

Senator Kehoe's bill to compel insurance companies to file their rates with the insurance commissioner and adhere to them, is meeting with much opposition by the insurance lobby and the hostile campaign carried on in Eureka, the Senator's home town, against him. Senator Wolfe of San Francisco, is fighting the bill for the insurance companies.

After Fly and Skeeter

Messrs. Blake & Wyatt are after the fly and mosquito pests, and with the co-operation of all good and careful citizens who regard healthful and sanitary conditions the most essential, the disease-breeding and germ-carrying pests can be reduced to a minimum.

It was in The Terminal. THE GAY (AND THEN SAD) YOUNG MAN FROM PINOLE TOWN

(Pinole Times)
A blond young man
From Hercules,
Whose pants were
Baggy at the knees,
And further up
Were full of fleas,
And lower down
Were streaked with grease,
Which tended
Sorely to displease
This blond young man
From Hercules.

So he took his
Pocketbook and keys
And hid him off
Across the seas
To live in luxury
And ease;
And stayed until a
Cold did seize
His gizzard—and
His feet did freeze.
Determined to
Escape the breeze,
He gave himself
The foreign squeeze,
Secured his grease,
His fleas—
And now is back
In Hercules.

[Note—It is not known who is responsible for the above inspiration, but "Hb" has evidently got his number.]

POLITICAL LID GETTING NERVOUS AND MAY BE SPUTTERING SOON

A Little Comment on the Big Field
of Aspirants For Seats in
City Council.

Jas. P. Arnold is an Elk and a popular man in the city council contest.

Charles Johnson, candidate for city council, is a crackjack carpenter, an old pioneer with a boyish face.

Harry O. Watson has many friends among lodge workers and women clubs. He is a clean man, and a taxpayer, too.

James Snee is gaining the friendship and confidence of the public wherever he goes. He is gaining strength. He has Moose qualities.

Judge T. W. Moore, who is in the race for councilman, resembles Champ Clark, and like Clark, pays taxes.

Otto L. Dietrich announces his candidacy in another column, and it is predicted that Otto will surprise his friends for speed. Next Friday's Terminal for "dope."

T. O. Carman has given out some policies what he would do if elected, that will give the city efficient service. Why not give him a trial?

The "longhairs" are creating quite a stir about street improvements and have just found out apparently that street work has been done. One firm, the M. I. Co., has come in for its share of criticism, but ten chances to one that other parts of Richmond will not have better streets than those just laid.

J. B. Ogborn is an efficient architect who has drawn plans for some of the best public and residential buildings in California. In view of the fact that Richmond is on the eve of great building development, it is absolutely essential that at least one member of the city council should be a practical architect. Many voters will take a shot at Ogborn anyway.

Condensed News Items For Terminal Readers

Miss Aleene Parker of 249 Third street, is visiting her aunt and uncle in Chico.

E. D. Coleman of Berkeley is the new Wells Fargo manager succeeding Harry Pettillon.

Mrs. R. L. Parker and daughter Miss Ruth, returned the first of the week from a pleasant visit to relatives in Chico.

E. M. Kister, the well known Richmond business man, was given a combined surprise and birthday party Saturday night, April 10.

Tom Ryan, son of Geo. W. Ryan of the Terminal, leaves Sunday for Westwood, Lassen county, where he has accepted a position with the Red River Lumber Co.

One shoe store went out and another came "right in again."

The Eastern Star is making elaborate preparations for their dance.

Street work is active in the Richmond Annex near the county line.

Preliminary discussion of the city telephone franchise will be taken up again Monday night.

Frank Stratton of Los Angeles, a son of W. H. Stratton, the local contractor, is here visiting his father.

The Hottinger family of San Pablo have continued bad luck. In addition to the little son's misfortune, their home was recently destroyed by fire.

Editor John Galvin Gets Appointment

John F. Galvin, publisher of the Independent, has been named as treasurer for the Mendocino state hospital for the insane at Ukiah and will take up his new duties on May 1. The appointment is for four years.

Aviator Beachy's Estate \$50,000

The estate of aviator Beachy, the aviator who fell and was killed while experimenting with a new aeroplane at the exposition, is estimated at \$50,000. This will be divided between his father, mother and brother.

BASE OF KITCHENER'S NEW ARMY IN FRANCE

General view of the military base at Etaples-Pas-de-Calais, in northern France, recently occupied by 350,000 members of Kitchen's new army.

RUSSIANS SEVER DEFENDER'S LINES

Eastern Wing of Boerovitch's Command Left in Precarious Position; Crisis Is Near

Petrograd.—The advance of the Russians in the Carpathians has cut the Austrian Army, under General Boerovitch, in two places. The eastern wing of this army is in a precarious position.

The Russians have captured Smolensk, east of Lufkow Pass. The Russians also have thrown back the Austrians in the district of Bartfeld and in the district of Lufkow. Having advanced through the Rostock Pass, they have forced a wedge between the Austrian armies.

Smolensk controls the only road through the Beskid mountains between Mezolaborcz and Uzsok, a distance of sixty miles.

The western wing of the Austrian army has its base at Gummenoe and its communications along the roads into Hungary are quite safe. The eastern wing, to the contrary, is joined with the forces operating around Uzsok, twenty miles from the Russian positions at Smolensk, by which they are threatened with attack.

It is regarded as likely that the Austrians will be compelled to transfer their base at Uzsok in the direction of Munkacs or else accept battle at Uzsok, handicapped by the lack of roads.

In either case the Austrians will find themselves cut off from the main army under General Boerovitch and his German reinforcements.

The Russians have crossed the crest of the Beskida at Gummenoe and apparently have a clear road to the plains of Hungary.

London.—The big list of casualties of the rank and file of the British army issued April 8 of the recent fighting at Neuve Chapelle has been increased by the giving out of another list which contains the names of 1108 men. Of these, 346 were killed and the remainder wounded.

FRANK M. RUTHERFORD, ASSEMBLYMAN, IS DEAD

Sacramento.—Frank M. Rutherford of Truckee, Assemblyman from the Ninth District and floor leader of the lower house of the Legislature, succumbed to typhoid fever early Saturday morning, April 10, after fourteen weeks of illness.

Death was not unexpected. Rutherford had suffered several relapses. A week ago it was believed he might recover, but the long battle so weakened him that convalescence was impossible.

Reno, Nev.—Ex-Governor T. L. Odle brought word here April 8 that after the miners in a new camp near Lovelock heard of the result at Havana Monday they met and named the camp "Willard," saying one good strike deserved another.

TWELVE PERISH IN RAID BY AIRMEN

Austrians in Aeroplanes Slay Montenegrins; Red Cross Workers Are Killed

Cettinje.—Twelve women and children were killed and forty-eight others injured by bombs dropped by Austrian aviators in the market place at Podgoritz, Montenegro, April 7. Many buildings were destroyed by the missiles, seven of which were dropped from the aeroplane.

Amsterdam.—A German aeroplane dropped bombs on a hospital at Berghes, killing two Red Cross workers and wounding thirty, dispatches here April 8 asserted. The wounded included British soldiers and several other persons who were near the hospital.

Allied guns were turned upon the aircraft, and near Soennoordie, the aeroplane was brought down.

5,000 SWISS ARE TO COLONIZE MAGDALENA

\$15,000,000 Capital Secured to Start the Settlement

San Francisco.—With the coming of 5000 Swiss families to settle on the land once wanted by the Japanese on the west coast of Mexico, an end has come to a Japanese project that threatened to strain the relations between Japan and the United States.

They will be located on about 5,000,000 acres of land on Magdalena bay, which the Japanese coveted.

Dr. H. Arnold of Zurich, one of the Swiss leaders of the project, arrived in San Francisco April 9 and is at the St. Francis. The plan has the approval of the cantonal government of Bern, he says, and a Swiss commission, consisting of Professor A. Hein of Zurich, Professor Hartman of Aarau, Dr. Edrich of Zurich and Engineer Kluth is on the way from San Diego to Magdalena bay to superintend the survey of the land.

"We feel that we are welcome both to the United States and to Mexico," explained Dr. Arnold. "The United States need have no fear that the famed 'Swiss navy' will ever establish a base on Magdalena bay."

"Our settlement of this much discussed tract of land should be a distinct advantage to the entire coast, whether in the United States or in Mexico. We will be good neighbors to your people. Our first colonists will arrive shortly, and then every year we hope to bring more."

"Swiss industries are at a standstill just now, and the tide of Swiss emigration is setting for Lower and Upper California."

"We have purchased our land from the Chartered Company of Lower California, and have a capital of \$15,000,000 to go on with."

FRENCH RUSH GUNS; HEAVY LOSS OF MEN

Renew Attacks on German Lines Near Moselle in Face of Terrific Artillery Fire

Berlin.—Renewing their fierce assaults upon the German lines between the Moselle and Moselle rivers, the French are filling the woods of this region with their dead.

In reporting the operations on the western front, the war office here again gave the greatest attention April 8 to the terrific attack which has been launched by the French, and which, it is declared, is attended by "enormous losses."

These assaults continue "without the slightest success," the official statement asserts. At seven different points between St. Mihiel, Etain and Ponta-Mousson, the French are pouring men forward in the face of deafening artillery fire. Lives are spent recklessly, the war office declared, in the savage attempts to smash the German fortifications north of St. Mihiel. These fortifications, it is declared, were prepared months ago, and can never be conquered except by first being reduced by heavy artillery.

Despite the loss of two battalions on the Combres Heights, the enemy has renewed the attack, sacrificing many more men in headlong rushes up the barren hillsides raked by the German guns.

STRIKE THREATENED BY CARMEN OF U. R. R.

Discharge of Union Employees Leads to Conference of Leaders

San Francisco.—Employees of the United Railroads are on the verge of calling a strike as a result of the action of the company in discharging a number of platform men because they had joined the union.

Representatives of the Amalgamated Association of Street and Electric Railway Employees waited upon Jesse W. Lillenthal, president of the United Railroads, April 7, and demanded that every man discharged for joining the union be reinstated and that they be reimbursed for the time lost. They also asked that the grievances of the employees be submitted to arbitration, but stipulated that the question of their right to organize should at once be recognized by the company. That question they are not willing to submit to arbitration.

President Lillenthal told the committee of union carmen that he would take the matter under advisement.

Mayor James Rolph, Jr., has been advised of the situation and stands ready to offer his services to bring about an amicable adjustment of the differences.

Nature's Justice. Nature is just toward men. It recompenses them for their sufferings; it renders them laborious, because to the greatest toll it attaches the greatest rewards.—Montesquieu.

RICH LAND OWNER SHOT BY BROKER

Seriously Wounded by Wife's Brother After Refusing Him Financial Aid

San Francisco.—Dismayed because requests for financial aid had been disregarded, Donald H. Thanel, San Francisco realty broker, shot his brother-in-law, George K. Darling, wealthy Pasadena real estate owner and operator, in the crowded lobby of the Argonaut Hotel at noon April 12, firing five shots. All took effect, inflicting wounds which physicians at the Central Emergency Hospital predict will prove fatal.

Darling and his wife, who is a sister of Thanel's wife, came to San Francisco a week ago to visit the Exposition. Immediately after their arrival, Mrs. Darling told the police, Thanel appeared at the hotel and demanded that her husband advance him money for a business venture.

Darling, according to the wife, refused the loan. Thanel made several more calls at the hotel, finally resorting, the wife asserts, to threats.

At 10 o'clock Thanel appeared in the lobby of the Argonaut and talked to Mrs. Darling on the telephone. He was told that Darling was out.

"I'll wait for him," he told his sister-in-law.

For nearly an hour Thanel remained seated in the lobby, where he could command a view of both entrances. Shortly before 12 o'clock Darling entered and walked to the elevator.

Just as he stepped into the car Thanel sprang from his seat and stepped to the door.

"D. K.," he called.

Darling turned around to face his brother-in-law, who had drawn a glittering automatic revolver from his pocket. Before he could speak Thanel opened fire, emptying the chamber of the gun into his unsuspecting body.

There were five bullets in the weapon. One entered the body under the second rib, another pierced the right chest. The third struck in the right hand as he raised it in an involuntary effort to shield himself. The fourth hit the left shoulder, and the fifth the right shoulder.

Darling crumpled to the floor of the car, while Thanel silently drew from his pocket five more bullets and began to load the revolver.

He was prevented by Robert Reusser, elevator operator, and other attendants of the hotel, who ran to the scene and pinioned his arms to his side.

Darling was rushed to the hospital, accompanied in the ambulance by his wife, who remained at his side during the afternoon. He was unconscious, and an examination showed he has little chance for recovery.

Thanel was taken to the police station, and pending the outcome of the shooting, was booked on a tentative charge of assault with a deadly weapon with intent to commit murder. He refused to explain his action.

"I'll fight it out in court," was his taciturn comment.

Thanel is 60 years old, and conducts an office at 1710 Clement street. Darling is 54, and lives at 1944 Primrose avenue, South Pasadena. He has offices in the Insurance building, Los Angeles.

POLL TAX DEFICIENCY IS ESTIMATED AT \$900,000

Sacramento.—The poll tax deficiency, estimated at about \$900,000, is the State's most difficult financial problem.

Half a dozen schemes to meet the poll tax loss have been proposed. A State ad valorem tax, an income tax, increase of the inheritance tax, a new corporation license tax, increase of the corporation franchise tax and a liquor tax have been discussed.

"There will be no ad valorem tax. That must be settled," said Senator Cogswell, chairman of the Senate Taxation Committee.

It appears equally certain that there will be no State liquor tax, and a State income tax is not seriously considered, according to administration leaders.

Inheritance taxes cannot be collected until eighteen months after death, and because it would take two years to get the benefit of an increased inheritance tax that scheme has been practically abandoned.

The best the State can do, it is said by legislative leaders, is to meet the poll tax loss in part and let the rest of the burden fall upon the counties for replacement of the poll tax revenue which was used for support of the schools.

STATE MAY TAKE OVER NEW YOSEMITE ROUTE

Oakdale.—The State will probably take over the old Big Oak Flat toll road and establish a new highway into the Yosemite, via Oakdale, Knights Ferry and Sonora.

The Tuolumne county Supervisors have finally signed an agreement with the Big Oak Flat Transportation Company for the purchase of the toll road for \$10,000, and the San Francisco Board of Supervisors have voluntarily agreed to pay \$3,500 to improve the road from the interest that city would have in establishing a more direct route to the Yosemite. This money, and also \$1,500 more appropriated by the Tuolumne Supervisors, will be expended in improving and shortening the route. A cut-off from Peri, across Big Creek, will reduce the grade from 18 to 5 per cent.

65 LIVES SAVED AS SHIP GOES TO DOOM

Steamer Monarch Races for Shore at Selby, Where the Passengers Are Land

San Francisco.—To save the lives of sixty-five passengers, the steamer Monarch, leak and sinking, raced five miles up San Pablo bay Tuesday night, April 13, to Selby landing, where it sank after the passengers and crew had been rushed ashore.

About 11 o'clock p. m. Chief Engineer Mullholland discovered that the steamer was leaking badly and within a few minutes would probably plunge to the bottom of the bay.

At that time the vessel was in the strong stream of the Carquinez straits, which joins San Pablo bay with the Sacramento river. He imparted the startling information to the captain and advised that the danger of the situation be kept from the passengers.

A hurried consultation was held by the first officer, the captain and the engineer and it was decided to make a run for the land. The nearest point the vessel could possibly reach in safety was Selby, a distance of about five miles.

So there would be no confusion at the last minute, providing the vessel finally went to the bottom, the passengers prepared themselves by buckling on life preservers.

The life boats and rafts were also made ready, so that they could get away at a moment's notice.

The pumps had been set to work as soon as the leak was discovered, but the gain against them had been steady. It appeared as if the seams had been sprung in many places, but the exact cause of the leakage will not be determined until the vessel is raised.

Just as the fight seemed lost and the water was rising in the steamer a faint outline of the Contra Costa coast could be seen.

The Monarch was soon along side the wharf and the people were rushed ashore. No sooner had the last passenger left the vessel than she sank.

EXPOSITION COURT TO BE SCENE OF BIG MEETING

Thanksgiving Services April 18 Amid Beautiful Surroundings

San Francisco.—Thanksgiving services will be held in the great Court of the Universe, at the Exposition, Sunday, April 18th, as part of the big two-day nine years after celebration. There was a previous plan to hold the Sunday services in the Civic Auditorium, but it has been decided finally to hold the great open-air thanksgiving meeting in the big court of the Exposition.

A special chorus of more than 1000 voices, under the direction of Wallace A. Sabin, will render "The Heavens Are Telling," "Gloria" and "Hallelujah" from Handel's "Messiah." The chorus will be assisted by the official Exposition Band, under the direction of Charles H. Cassasa.

The program for the services on Sunday will be as follows:

Invocation, Right Rev. William F. Nichols.
"San Francisco, the New City," Right Rev. Edward J. Hanna.
"Crowned by the Exposition," President of University of California.
"In the Triumph of Peace," David Starr Jordan, chancellor Leland Stanford, Jr., University.
"By a Co-operative Spirit," Rev. F. W. Clappett, D. D.
"Through the Brotherhood of Man," Rabbi Martin A. Meyer.
Benediction, Right Rev. Edwin H. Hughes.

SAYS U. S. SUBMARINE F-4 WAS DEFECTIVE

Los Angeles.—Sensational charges that the submarine F-4, which lies at the bottom of the entrance to Honolulu harbor with her crew dead in her compartments, was not in condition for under-sea work when it met its fate, were made by Mrs. William S. Nelson, widow of the F-4's ranking engineer, who is in Los Angeles.

Mrs. Nelson has just returned from Honolulu, where she maintained a ten-day vigil on the docks while futile efforts were made to raise the tomb ship. Here are some of the charges she made, based, she said, on information she gained from her husband:

"That the submarine's motors were defective, though it had recently come from drydock. The officers knew this and had told their families."

"That Nelson had reported this condition to the proper authorities."

"That the ship's air tank contained but four days' supply of air instead of two weeks' supply provided in regulations."

"That the food supply was below the standard fixed by regulations."

Oakland.—The body of Isaac Hansen, night watchman on the steamer Santa Clara, lying in the estuary here, was found floating in the bay April 7 at the foot of Cedar street by Joseph Silva, 847 Chestnut street. He had been missing since April 5.

3

For the cause that lacks assistance,
Against the wrong that needs resistance,
For the future in the distance,
And the good that we can do."

Keep on boosting. Don't be a
quitter.

The water commission advertises
their office furniture for sale. Does
this indicate that the commission
is going "out of business?"

Remember, that charity is the
greatest of all virtues. We should
develop within ourselves qualities
of kindness and justice which we
so urgently require in others.

A Richmond business firm's station-
ery bearing the imprint of a
cheap eastern printing establish-
ment, has the following slogan on
its letterheads: "Deal at home—
and watch Richmond grow."

The opening lines in "Twelfth
Night," Shakespeare's famous
comedy, are: "If music be the
food of love, play on." The boy
learning cornet next door has mis-
interpreted the above quotation.

An Iowa editor in reminding his
delinquent subscribers that he
"needed the money," gave it to
them this way: "What has been
or what is to be, is not. Only now
is. Your subscription is due now."

Now that a Richmond newspaper
man has been appointed to a posi-
tion of trust in a state institution
it is "nut" in accordance with the
ethics of the profession for jealous
paraphraser to get gay with their
jokes.

Forest officers and government
hunters and trappers on the na-
tional forests destroyed 4135 pred-
atory animals the past year, con-
sisting of coyotes, mountain lions,
lynxes, wildcats, wolves, etc. These
animals prey upon livestock, and
cause a loss of \$15,000,000 annual-
ly to the livestock interests of the
United States.

Assemblyman Salisbury of Santa
Rosa has introduced a bill in the
legislature to make it unlawful to
kill calves under 16 months old. He
has named the measure the "porter-
house steak conservation bill."
The bill is a good one—for those
who do not secure their steak in the
vicinity of the horns, as the
majority of us are doing.

Why Not Pay For Newspaper?

Judge George Thomas of Colum-
bus, Neb., rendered a decision that
if a person accepts a newspaper
that is sent him, he must pay for
it. The decision was rendered in
a case brought by the Columbus
(Neb.), Telegram against a man
for \$2.35. The Telegram had been
sent to the man's home and he
accepted the paper. When called
upon to pay for it, he refused, and
suit was brought. When Judge
Thomas heard the evidence he in-
structed the jury to bring in a ver-
dict for the Telegram.

Judge Thomas' decision was in
accordance with that recently made
by the district court of appeals of
Kansas city, Mo., in which the
court said:

"The preparation and publica-
tion of a newspaper involves much
mental and physical labor, as well
as an outlay of money. The com-
mon law principle is, that when a
man receives and uses a paper he
is bound to pay for it. He benefits
and receives a pleasure from such
labor and expenditure of the pub-
lisher as fully as if he had appro-
priated any other product of an-
other's labor, and by such act he
is held liable for the subscription
price."

WANTED—Everybody to get busy
with the Terminal's swap col-
umn. When the principal med-
ium of exchange (money) is
scarce, try the Swap medium.
Clothing, sewing machines, fire-
arms, musical instruments, fur-
niture, stoves, rugs, canaries,
rabbits, dogs, cats, any old thing,
trade it. Swap, especially when
the coin is scarce.

Taffeta and Voile

"LITTLE REMINDERS."

The little figures opposite the
printed address line on your Ter-
minal newspaper denote the month
and year to which you have paid
your subscription. If the figures
read 1-13, they signify that you
owe to 1-13, or from January, 1913,
to January, 1915.

LEGAL ADVERTISEMENTS

PURSUANT TO THE WRITTEN
consent of the holders and owners of
more than two-thirds of the capital stock
of Richmond Automobile Co. of Califor-
nia, a corporation duly organized and
existing under and by virtue of the laws
of the state of California, which written
consent has been obtained and is now on
file in the office of said corporation, and
pursuant to the resolution of the Board
of Directors of said corporation ordering
the removal and change herein men-
tioned, be made:

Notice is hereby given that it is the in-
tention of Richmond Automobile Com-
pany of California, to remove and change
its principal place of business from the
City of Richmond, County of Contra
Costa, State of California, to the City
and County of San Francisco, State of
California, said removal and change to
take effect April 30, 1915, after the due
publication of this notice.

By order of the Board of Directors,
C. A. Smith, Sec'y.

Assessor's Office

1915

NOTICE TO TAXPAYERS

All persons, firms, companies, cor-
porations and associations are requir-
ed to deliver to the Assessor's office,
Martinez, immediately, a statement
under oath of all the property, both
real and personal, owned or claimed
by him, her or them, or in their
possession, or held in trust for others,
at 12 o'clock meridian, on

FIRST MONDAY OF MARCH,

1915

In accordance with the new consti-
tution. Refusal or neglect to make
such sworn statement of all property
owned or held in trust, will subject
the person so refusing or neglecting
to make such sworn statement to the
full penalty of the law.
All property owners should see that
their property is correctly described
on the assessment roll.
Immediate attention is necessary, as
work on the roll has already been
commenced. Proper blanks may be
had at the Assessor's office or of his
deputies.
All statements must be in the As-
sessor's office on or before the first
day of May, 1915.

G. O. MEESSE,
County Assessor.
First publication March 4, 1915.
Last publication June 1, 1915.
